Hyderabad Area, India

- Software Development Engineer - I
Apr 2012 – Mar 2015 • 3 yrs

I work in the supply chain organization of Amazon and I develop distributed applications that are used to automate buying process. These applications work with scores of internal services, handle moderate load of data and communicate to various upstream services to make buying decisions.

**Intern**

Yahoo! R&D Bangalore

Dec 2008 – Jun 2009 • 7 mos
Bangalore

Designed a web portal which aims to consolidate the information/responses of the alerts relating to Processes SLAs (Service Level Agreement).

*Projects all SLA statuses which includes the why/how of any SLA miss

*Track all Alert handling that keeps engineers in sync with each other

Seshu Kumar Thanneeru
A Freelancer; Aspirant Entrepreneur

October 27, 2017, Seshu Kumar worked with Anil in the same group

Seshu is one of the smartest, dedicated approachable engineers I have worked with. His deep dive on complex problems is amazing. Soon after joining Amazon he quickly established himself as a strong contributor and gained respect from the team.
